

Information of import [Last updated 6/14/2018]

- Yes, we will be offering LPC Supervisor specialty credit (3 hours) as well! This seminar will cover information you should be teaching to your supervisees, clinical issues to review with those you supervise, and speakers will be addressing both direct and supervisory practice!
- We will have coffee in the morning, but it is first-come, first-served, and when we're out we're out! To keep the price down we're not offering snacks, etc., although there's a soda machine and we'll have water and tea with lunch.
- Parking at St. Andrews

- No matter what temperature we set the thermostat at some of you will find the meeting room too cold, while others will find it too hot. When we make the room hotter people complain. When we make the room colder people complain. Please plan ahead – if you get hot easily dress in layers so you can take something off. If you get cold easily please dress in layers so you can put something on. If you get cold easily and forgot to bring something to put on, try and sit next to someone who gets hot easily, they should be taking stuff off you can borrow 😊

Refund/cancellation policy:  
No refunds less than 1 week before the program.  
Refund requests are processed via the EventBrite Ticket page

And so more information will go here as we have it to share....
